PROCEEDINGS

OF

THE ROYAL SOCIETY

OF

EDINBURGH.

VOL. XV.

NOVEMBER 1887 TO JULY 1888.

EDINBURGH:
PRINTED BY NEILL AND COMPANY.
MDCCCLXXXIX.

CONTENTS.

PAGE

Election of Office-Bearers, ... 1
Chairman's Opening Address, ... 2
The Jubilee Prize, ... 9
Proposed Additions to the List of Honorary Fellows, . . 10
The Edinburgh Equatorial in 1887 ; a Paper with two Appendices. By C. Piazzi Smyth, Esq., Astronomer-Royal for Scotland, . 11
On Cauchy's and Green's Doctrine of Extraneous Force to explain dynamically Fresnel's Kinematics of Double Refraction. By Sir W. Thomson, ... 21
On the Minimal Tetrakaidekahedron, with Exhibition of Models. By the President, ... 33
Researches on Micro-Organisms, including ideas of a new Method for their Destruction in certain cases of Contagious Diseases. Part II. By Dr A. B. Griffiths, F.R.S. Edin., . . . 33
On the Colour of the Skin of Men and Animals in India. By Robert Wallace, Esq., Professor of Agriculture and Rural Economy in the University of Edinburgh, ... 64
On the Height and Volume of the Dry Land, and the Depth and Volume of the Ocean. By Dr John Murray, ... 65
The Pineal Body (*Epiphysis cerebri*) in the Brains of the Walrus and Seals. By Professor Sir William Turner, M.B., LL.D., F.R.S., . 65
On a Method of graphically recording the Exact Time Relations of Cardiac Sounds and Murmurs. By Byrom Bramwell, M.D., and R. Milne Murray, M.B., ... 66
On Benzyl Phosphines. By Professor E. A. Letts and W. Wheeler, Esq., ... 66
A Criticism of the Theory of Subsidence as explaining the Origin of Coral Reefs. By H. B. Guppy, M.B., R.N. Communicated by Dr H. Mill, ... 84
On the Compressibility of Water and of Different Solutions of Common Salt. By Professor Tait, ... 84
On a Practical Constant-Volume Air Thermometer. By J. T. Bottomley, Esq., ... 85

PAGE

On the Roots of $\epsilon^2 = -1$. By Dr Gustav Plarr. Communicated by Professor Tait, ... 93

On Vanishing Aggregates of Determinants. By Thomas Muir, LL.D., 96

On a Simplified Proof of Maxwell's Theorem. By Professor Burnside. Communicated by Professor Tait, ... 106

On some Glass Globes with Internal Cavities produced during Cooling. By J. T. Bottomley, Esq., ... 108

Investigations on the Malpighian Tubes and the "Hepatic Cells" of the Araneina; and also on the Diverticula of the Asteridea. By Dr A. B. Griffiths, F.R.S. Edin., and Alexander Johnstone, F.G.S. Lond. and Edin., ... 111

On the Thomson Effect in Iron. By Professor Tait, . . . 115

Obituary Notices of former Vice-Presidents of the Society, . . 116

Problem in Relationship. By Professor A. Macfarlane, D.Sc., . 116

On Transition-Resistance and Polarisation. By W. Peddie, Esq., B.Sc., ... 118

The Change in the Thermoelectric Properties of Tin at its Melting Point. By Albert Campbell, Esq., B.A., ... 125

On the Thermoelectric Properties of Iron. By Professor Tait, . 127

On the Constitution of Dielectrics. By W. Peddie, Esq., B.Sc., . 129

On Mr Omond's Observations of Fog-Bows. By Professor Tait, . 129

Letter from the Astronomer-Royal on the Fall of a Part of the Cliff below Nelson's Monument, ... 130

On the Causes of Movements in General Prices. By Professor Nicholson, ... 130

A New Method for Preserving the Blood in a Fluid State outside the Body. By Professor John Berry Haycraft and E. W. Carlier, M.B., ... 130

The Formula of Morphine. By R. B. Dott, Esq., F.I.C., and Ralph Stockman, M.D., ... 131

On the Fossil Flora of the Staffordshire Coal Fields. I. The Fossil Plants collected during the Sinking of the Shaft of the Hamstead Colliery, Great Barr, near Birmingham. By Robert Kidston, Esq., F.R.S.E., F.G.S., ... 135

On a Monochromatic Rainbow. By John Aitken, Esq., . . 135

On *Neuropteris plicata*, Sternb., and *Neuropteris rectinervis*, Kidston. By Robert Kidston, F.R.S.E., F.G.S., ... 137

Reflex Spinal Scratching Movements in some Vertebrates. By Prof. John Berry Haycraft, ... 137

Reply to Professor Boltzmann. By Professor Tait, . . . 140

On a Mode of Exhibiting the Action of the Semicircular Canals of the Internal Ear. By Professor Crum Brown, . . . 149

On the Temperature and Currents in the Lochs of the West of Scotland, as affected by Winds. By Dr John Murray, . . 151

PAGE

Note on the Influence of Pressure on the Solubility of Carbonate of Lime in Sea Water containing Free Carbonic Acid. By W. G. Reid, Esq. Communicated by Dr John Murray, . . . 151

On the Distribution of Carbonate of Lime on the Floor, and in the Waters of the Ocean. By Dr John Murray, . . . 158

On the Number of Dust Particles in the Atmosphere. By John Aitken, Esq., ... 158

Preliminary Note on the Duration of Impact. By Professor Tait, . 159

A Bathymetrical Survey of the Chief Perthshire Lochs, and their relation to the Glaciation of the District. By James Grant Wilson, Esq., H.M. Geological Survey. Communicated by Dr Archibald Geikie, F.R.S., Director-General of the Geological Survey, . 159

Contact-Phenomena of some Scottish Olivine-Diabases. By Ernst Stecher, Ph.D., Leipzig. Communicated by Dr Archibald Geikie, F.R.S., Director-General of the Geological Survey, . . 160

Experimental Researches in Mountain Building. By Henry M. Cadell, Esq. of Grange, B.Sc., F.R.S.E., of H.M. Geological Survey of Scotland, ... 172

Observations on the Movements of the Entire Detached Animal, and of Detached Ciliated Parts of Bivalve Molluscs, viz., Gills, Mantle-Lobes, Labial Palps, and Foot. By D. M'Alpine, Esq., F.C.S. Communicated by W. E. Hoyle, Esq., M.A. (Plates I., II.), . 173

Report on the Fishes obtained by Dr John Murray in Deep Water on the North-West Coast of Scotland, between April 1887 and March 1888. By Dr A. Günther, F.R.S., Keeper of the Zoological Department, British Museum. (Plates III., IV.), . . . 205

Morphological Changes that occur in the Human Blood during Coagulation. By Professor John Berry Haycraft and E. W. Carlier, Esq., M.B., ... 220

On the Mean Free Path, and the average Number of Collisions per particle per second in a Group of Equal Spheres. By Prof. Tait, 225

Note on the Compressibility of Glass at different Temperatures. By Professor Tait, ... 226

Exhibition of Photographs of the Lunar Eclipse of 28th January 1888. By W. Peck, Esq., F.R.A.S., ... 226

Illegitimacy in the Parish of Marnoch. By George Seton, Esq., M.A. Oxon., ... 227

Notes on the Use of Mercuric Salts in Solution as Antiseptic Surgical Lotions. By G. Sims Woodhead, M.D., F.R.C.P. Edin., 235

The Effect of Differential Mass-Motion on the Permeability of a Gas. By Professor Tait, ... 249

On a New Diffusiometer and other Apparatus for Liquid Diffusion. Part II. By J. J. Coleman, Esq., F.R.S.E., F.I.C., F.C.S., . 249

Note on the Determination of Diffusivity in Absolute Measure from Mr Coleman's Experiments. By the President, . . . 256

PAGE

On the Soaring of Birds: being an Extract from a Letter of the late Mr William Froude to Sir W. Thomson, of 5th February 1878, received after Mr Froude's death, ... 256

Preliminary Note on New Determinations of the Electric Resistance of Liquids. By W. Peddie, Esq., B.Sc., ... 259

Notice of the Recent Earthquake in Scotland, with Observations on those since 1882. By Charles A. Stevenson, Esq., B.Sc., Assoc. M.Inst.C.E. (Plate V.), ... 259

Analysis of the "Challenger" Meteorological Observations. By Dr Buchan, ... 267

On the Conjugated Sulphates of the Copper-Magnesium Group. By Prafulla Chandra Ray, Esq., ... 267

On the Chemical Composition of the Water composing the Clyde Sea Area. Part II. By Adam Dickie, Esq., ... 283

On the Principles of Animal Morphology. By Professor Wilhelm His of Leipzig. Letter to Dr John Murray, *V.P.*R.S.Ed. Communicated by Professor Sir William Turner, ... 287

Mathematical Notes. By Professor Tait, ... 298

Analysis of the "Challenger" Meteorological Observations. By Dr Buchan, ... 298

Description of the Rocks of the Island of Malta, and Comparison with Deep-Sea Deposits. By Dr John Murray, ... 298

An Electrical Method of Reversing Deep-Sea Thermometers. By Professor Chrystal, ... 298

On a Class of Alternants expressible in terms of Simple Alternants. By Thomas Muir, LL.D., ... 298

Quaternion Note. By Professor Tait, ... 308

Exhibition of Specimens of Eggs of Cod and Haddock. By Dr John Murray, ... 308

On the Secretion of Lime by Animals. By Robert Irvine, Esq., F.R.S.E., F.C.S., and Dr G. Sims Woodhead, ... 308

On the Solubility of Carbonate of Lime under different forms in Sea-Water. By Robert Irvine, Esq., F.R.S.E., and George Young, Esq., 316

On a Case of Absence of the Corpus Callosum in the Human Brain. By Dr Alexander Bruce. (Plates VI.–XIII.), ... 320

Distribution of some Marine Animals on the West Coast of Scotland. By Dr John Murray, ... 341

Remarks on the Larvæ of certain Schizopodous Crustacea from the Firth of Clyde. By W. E. Hoyle, Esq., M.A., ... 341

Exhibition of Photographs of the Nice Observatory. By the Astronomer-Royal for Scotland, ... 342

Note on the Hydrodynamical Equations. By Professor Cayley, Hon. F.R.S.E., ... 342

The History of Volcanic Action during the Tertiary Period in the British Islands. By Dr Archibald Geikie, F.R.S., . . . 344

PAGE

Exhibition of Photographs of large Sections of the Lung. By Dr G. Sims Woodhead, ... 348

Mean Scottish Meteorology for the last Thirty-Two Years, discussed for Annual Cycles, as well as Supra-annual Solar Influences, on the basis of the Observations of the Scottish Meteorological Society, as furnished to, and published by, the Registrar-General of Births, Deaths, &c., in Scotland, after being computed for that Office at the Royal Observatory, Edinburgh. By the Astronomer-Royal for Scotland, ... 348

On Sir John Leslie's Computation of the Ratio of the Diameter of a Circle to its Circumference. By Edward Sang, LL.D., . . 348

On the Four Surfaces of an Aplanatic Objective. By the Hon. Lord M'Laren. (Plates XIV., XV.), ... 355

Quaternion Notes. By Professor Tait, ... 379

Exhibition of M. Amagat's Photographs of the Crystallisation of the Tetrachloride of Carbon under Pressure alone. By the Secretary, ... 381

On the Development and Life-Histories of the Food and other Fishes. By Professor W. Carmichael M'Intosh, F.R.S., and E. E. Prince, Esq., ... 381

On certain Theorems mainly connected with Alternants (II.). By Professor Anglin, M.R.I.A., ... 381

Preliminary Note on a Method by means of which the Alkalinity of the Blood may quantitatively be Determined. By Professor John Berry Haycraft and Dr R. T. Williamson, ... 396

The Electrolytic Decomposition of Proteid Substances. By George N. Stewart, Esq., ... 399

On the Malpighian Tubules of *Libellula depressa*. By Dr A. B. Griffiths, F.R.S. (Edin.), F.C.S. (Lond. & Paris), ... 401

On a Fungoïd Disease in the Roots of *Cucumis sativa*. By Dr A. B. Griffiths, F.R.S. (Edin.), F.C.S. (Lond. & Paris). (Plate XVI.), . 403

On Fossil Fishes from the Pumpherston Oil Shale, with Exhibition of Specimens. By Dr R. H. Traquair, F.R.S., ... 410

On the Variation of Transition-Resistance and Polarisation with Electromotive Force and Current Density. By W. Peddie, D.Sc. (Plate XVII.), ... 411

The Metamorphosis of British Euphausiidæ. By George Brook, Esq., and W. E. Hoyle, M.A. (Oxon.), ... 414

Notes on a Lucifer-like Decapod Larva from the West Coast of Scotland. By George Brook, Esq., ... 420

On Invertebrate Blood removed from the Vessels, and entirely surrounded by Oil. By Professor John Berry Haycraft and E. W. Carlier, Esq., M.B., ... 423

On Laplace's Theory of the Internal Pressure in Liquids. By Professor Tait, ... 426

PAGE

The Mechanism of the Separation of the Placenta and Membranes during Labour. By Dr Berry Hart, M.D., F.R.C.P.E. (Plates XVIII., XIX.), ... 427

The Pathology of Cystic Ovary. By J. W. Martin, M.D. Communicated by Dr Woodhead, ... 435

Histological Observations on the Muscle Fibre and Connective Tissue of the Uterus during Pregnancy and the Puerperium. By T. A. Helme, Esq., M.B. Communicated by Dr Woodhead, . 435

The Air in Coal-Mines. By T. G. Nasmyth, M.B., D.Sc., . . 435

Obituary Notice of the late Robert Gray, Esq., Vice-President. By Dr R. H. Traquair, F.R.S., ... 435

On some Relations between Magnetism and Twist in Iron and Nickel. By Cargill G. Knott, D.Sc., ... 435

On the Fossil Plants in the Ravenhead Collection in the Liverpool Museum. By R. Kidston, Esq., ... 436

On the Action of Carbonic Acid Water on Olivine. By Alexander Johnstone, Esq., F.G.S., ... 436

Is the Law of Talbot true for very rapidly Intermittent Light? By George N. Stewart, Esq., ... 441

On the Specific Gravity of the Water in the Firth of Forth and the Clyde Sea Area. By Hugh Robert Mill, D.Sc., Scottish Marine Station, ... 465

Arrested Twin Development. By Macdonald Brown, Esq., M.B., . 465

On Numerical Solution of Equations in Variables of the nth Degree. By the Hon. Lord M'Laren, ... 467

Alternants which are the constant Multiples of the Difference-Product of the Variables. By Prof. Anglin, M.A., LL.D., &c., . 468

Chairman's Closing Remarks, ... 476

The Theory of Determinants in the Historical Order of its Development. By Thomas Muir, M.A., LL.D., ... 481

Donations to the Library, ... 545

Index, ... 547
